Application Guide

New Concrete Surface

New plaster must be completely clean, dry and free from dirt and grease. Sand down the plaster with Emery stone or emery paper and apply 1-2 coats of Rainbow Water Based Primer. After surface preparation apply by 1-2 coats of Rainbow Desert-Sand Finish Paint.

Old Painted Surface

Remove all dust, dirt and loose adhering or flaked paints by scarping with scraper (wall) or Emery Paper (for wooden surface). After scarping apply 1-2 coats of Rainbow Water Based Primer.

For very old and powdery surface preferable to use Rainbow Wall Sealer Primer, followed by one coat of Water Based Primer. After surface preparation apply 1-2 coats of Rainbow Desert-Sand Finish Paint.

KEY POINTS ABOUT APPLICATION:

- Cure at least 21 days before painting.
- Remove any loose & flaking paint back to a sound substrate and a firm edge by scraping & sanding.

Safety & Precautions

- Stir Paint vigorously prior to thinning. Avoid extra thinning
- Make sure there is ample ventilation available before, during and after
- Keep children and pets away from painted areas and appliances
- When applying paint, it is preferable to wear eye safety goggles and dust mask
- Never leave opened container unattended
- To clean paint from your hands, use soap and water only

Storage & Handling

- Keep away from heat and spark sources, away from direct sunlight.
- Never breathe in dust, mist, gas or vapors from the dry product or the hot-melt.
- Keep the containers closed in storage.
- Do not apply during rain/fog/mist/wind or when the temperature is below 5 °C.
- In case of eye contact: Wash with plenty of cold water and immediately consult a physician.
- In case of ingestion: drink plenty of water or milk, do not induce vomiting, & consult a doctor.
- In case of inhalation: remove the person to open fresh air area, provide artificial breathing if needed, and consult a doctor.
